Do you feed outdoor cats?

Concerned about their increasing numbers & safety?

Come learn why TNR (Trap, Neuter, Return) is the only method that works effectively. The workshop will provide tips and instructions on how to safely and humanely reduce the free-roaming cat population in your community. Trapping and killing cats is inhumane and does not stop the outdoor cat population from increasing.

The workshop will explain everything you need to know about the TNR process, free loan of traps, low-cost spay/neuter options, recovery protocols after spay/neuter surgery, how to help solve cat nuisance problems and safely manage outdoor cat populations.

Animal Rescue Connections is not a shelter and we do not take in cats. No animals are allowed at the TNR Workshops. These sessions are for information and education ONLY.
